Phone #

Legal Description of Property:

No installation, removal or repair shall commence until a permit has been secured.

The following are minimum requirements in order to make application for a permit.

NEW INSTALLATIONS:

One set of plans are required for a permit application:

Complete plot plan with the following information:

- A. North Arrow.
- B. Scale of drawing.
- C. Property line and lot dimensions.
- D. Street(s) name.
- E. Setbacks from property lines – front, sides, rear.
- F. Location of existing tanks, pump(s), and buildings on property.
- G. Details and specifications of proposed type of corrosion protection.
- H. Details and specifications of piping, swing joints, and location.
- I. Dimensions and capacity (gallons) of tanks.
- J. Number of tanks and their location.

REPAIR, ALTERATIONS, ABANDONMENT, TANKS PLACED TEMPORARILY OUT OF SERVICE

EXISTING INSTALLATIONS:

- A. Details and specifications of items to be repaired, replaced, abandoned, or placed temporarily out of service.

- B. Location of items to be repaired, replaced, or removed.

Permit approved as requested. All testing must comply with NFPA 30 and any applicable state or local guidelines.
